LinkedIn: linkedin.com/in/aryantiwari-dev

Professional Summary

Backend Software Engineer focused on building AI-powered backend applications, production-ready REST APIs, and scalable automation systems using Node.js, Express.js, PostgreSQL, and OpenAI APIs.

Experienced in AI Agent Development, Voice AI, Conversational AI, database design, webhook integrations, authentication, and backend architecture.

Comfortable using AI-assisted development workflows with ChatGPT, Claude Code, Cursor, GitHub Copilot, and Windsurf to rapidly design, debug, and ship production software.

Technical Skills

Languages

JavaScript, SQL

Backend

Node.js, Express.js, REST APIs, Backend Development, API Integration, Authentication, JWT, Webhooks

Database

PostgreSQL, SQL, Database Design, Query Optimization

AI

OpenAI API, AI Agents, AI Automation, Prompt Engineering, Generative AI, Conversational AI, Voice AI

Frontend

Next.js, React, HTML, CSS

Version Control

Git, GitHub

AI Coding Tools

Claude Code, Cursor, ChatGPT, GitHub Copilot, Windsurf, Blackbox AI

Professional Experience

Backend Software Engineer

MBG Card

April 2026 – Present

- Developed backend services and REST APIs supporting AI-powered voice automation systems.
- Built scalable backend modules using Node.js, Express.js, and PostgreSQL.
- Integrated OpenAI APIs and third-party telephony services into production workflows.
- Designed webhook-based communication systems for AI voice agents.
- Implemented secure authentication and backend API architecture.
- Optimized PostgreSQL queries and backend performance.

- Collaborated with AI coding assistants including Claude Code, Cursor, ChatGPT, GitHub Copilot, and Windsurf to accelerate feature delivery and debugging.
- Supported deployment, debugging, and maintenance of production backend systems.

Projects

AI Voice Calling Platform

- Built a production-ready AI Voice Calling platform supporting conversational AI workflows.
- Developed backend APIs, database models, webhook integrations, and voice automation features.
- Integrated OpenAI APIs and telephony services.
- Designed scalable PostgreSQL database architecture.

AI Chatbot Platform

- Developed AI chatbot backend supporting automated conversations.
- Built REST APIs and integrated LLM-based workflows.
- Managed PostgreSQL database and authentication.

Education

Bachelor of Commerce (B.Com.)

Accounting & Finance

Kesarwani Arts, Commerce & Education College
